Getting Back to Business

"Cornerstone serves the Las Vegas business community with merchant accounts, and we have a high standard for our accounting and HR needs. This is why we have been using locally- based ManagedPAY for over 5 years, and it has been a very productive 5 years. They have saved us countless man hours in doing payroll, quarterly and yearly employment-related filings, and keeping our company up-to-date on changes in federal and state compliance. Their customer service is outstanding; they are always there when we need them. ManagedPAY goes the extra mile to keep us informed on HR issues, and they do a lot to give back to our community."
