

# ManagedPAY

Getting Back to Business

*Airtec Gases, LLC is the only locally owned and operated medical gas supplier in Southern Nevada. Providing medical gases is our FIRST and only priority. We strive to serve our first responders; medical, dental and veterinary professionals to the highest of standards. After all they are taking care of our community. Because our customer service standards are so high, we truly appreciate when we receive the same level of service from our vendors. ManagedPAY has delivered excellent service from day one. They have provided us with the confidence that our payroll and HR needs are met so we may focus on expanding our services to Northern Nevada.*
